**Team Roster:**

The Denville Summer Softball League is for high school sending district based teams. We will allow up to 2 non-town players on a roster. (Exception: NON-CLUB 14U/16U teams that roster more than 2 “out of district” players may play on a case by case basis, but MUST play in the A bracket.)

Teams may roster a maximum of 15 players. Only players listed on the roster may participate. If a single program is registering teams for multiple age groups, players rostered on younger age group teams may play up during the regular season and do not need to be listed on both rosters. If a single program is registering multiple teams in one age group at least one team must be registered as an ‘A’ team. Players on a ‘B’ team roster may play up on the ‘A’ team, but not vice versus. In the event that there are 3 divisions, you cannot have two teams from the same town in the same division unless both teams are ‘A’ teams. No player may appear on two different rosters and no player may participate in two age groups or brackets during the playoffs.

Teams using players not on the roster will forfeit all games in which that player was used. If a team uses a player or players that are too old for the age group in which they are participating, they will be immediately removed from the league.
